

Final Review

Due Thursday, June 27

We will have a final review on Thursday, June 27, from 9:30am-12:00pm in the North East area of lower Crown (near the computer lab). Please bring all objects you made this Summer session and pin them up for review.

At this point there are six assignments in addition to the final:

Assignment 01: Drawing
Assignment 02: Engraving
Assignment 03: Pockets/Profiles
Assignment 04: Midterm proposal
Assignment 05: Joint
Assignment 06: Surface

You must also produce at least one good documentation photo of the there skill-building assignments and at least five good photos of your final project. By good, I mean good lighting, neutral background and at least 300DPI resolution.

You must document all works. Missing documentation will result in the reduction of your final grade for the course. Please submit all documentation by the end of the day on Thursday, June 27.
