

Assignment 05

Due Thursday, June 6

D0

Fasten two pieces of plywood together using a joint. You can try to emulate one of the joints at the end of this document, or come up with something on your own. You may use mechanical fasteners such as nuts and bolts. No nails. No adhesives. The two pieces must fit snugly together.

MATERIALS

0.5" thick Birch plywood

DELIVERABLES

Rhino model, code, physical object, photo documentation.
